

MAD SCIENCE IS COMING TO THE HENRY D. MOORE LIBRARY THIS SUMMER!

JOIN US ON JULY 16 FOR THE

"FIZZ, POP, BOOM" SHOW TO CELEBRATE OUR

2014 SUMMER READING PROGRAM!

LOCATION: 22 VILLAGE ROAD, STEUBEN

DATE: WEDNESDAY, JULY 16

TIME: 10 AM

AGES: ALL AGES

This jaw dropping hour long science show is packed solid with cool reactions! We are experts at making science come to life and it just so happens that our specialty is "Fizzing, Popping, and Booming Science"! Didgeridoo tubes that produce flames, foaming flasks, sizzling test tubes, colorful oozing soap suds, mysterious oscillating colors, gases that do the mamba, exothermic reactions that demonstrate the power of catalysts, gaseous genies escaping from bottles, combustible gases that make streamers fly, and a real-life Mad Scientist that loves to bust molecules. These are a few of the aah!..mazing Mad Science reactions that will take you on the wild side of chemistry! Join us for a show that will make your mind FIZZ with questions, POP with excitement, and BOOM with Fun!

Mad Science of Maine  105 Main Street  South Portland, ME 04106
